# Cyber Security

## *The Board's Responsibility*

We are delighted to invite you to attend our Cyber Security – “The Board’s Responsibility” Industry Expert Breakfast Briefing.

Cyber security is a principal risk for many Boards and security defences and monitoring has risen up the Board’s agenda following the implementation of the GDPR regulations and the associated fines. This breakfast briefing will focus on the Director’s role in ensuring that good cyber security practices are implemented and followed at all levels, from the Board down.

Kindly supported by
