## Subsea Pipelay Installation - Ironing out the kinks, a MWS perspective

**Date:** Wednesday, 03 April 2019

**Time:** 1.10pm - 1.55pm

**Speaker:**

James C Vavasour, Group Marine Director / President, Matthews Daniel

In this IIL Marine & Energy lecture James Vavasour considered the changing trends of subsea pipelay installation and, using recent case studies, he outlined the lessons learned, and what we as an industry need to better understand to mitigate any further exposure to all parties involved.

**By the end of this lecture, members would have gained an insight into:**

- Different types of subsea pipeline installation
- What are their risks and weaknesses?
- Why are some old installation practices reappearing?
- What may happen in the future?

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.
