## The Hidden Costs of Decommissioning - Removal Procedures, Practices and Risk

Date: Tuesday 15 October 2019

Time: 1.10pm - 1.55pm

Speaker: Captain Stephen Norman - DNV GL

In this IIL Marine & Energy lecture on decommissioning, Captain Norman provided an overview of the removal process for offshore assets and the risks that should be considered prior to and during removal and transportation to the disposal yard.

By the end of this lecture, members would have gained an insight into:

- What removal options currently exist
- Necessary considerations when choosing removal options
- What to look for prior to and during the transportation

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.
