Andy is the Head of ILS Structuring, EMEA & APAC at Swiss Re Capital Markets and is based in London. In this role, Andy has led the structuring of major non-life and life catastrophe bonds, sidecars and cat derivatives for insurance and reinsurance companies, corporates and public entities.

Andy was a member of the U.K. ILS Taskforce, having advised HM Treasury on the implementation of ILS regulations in the U.K., and supported numerous other jurisdictions on the establishment of similar regulations.

Prior to joining Swiss Re, Andy worked for Benfield Advisory, which was then to become Aon Securities. Before entering the reinsurance industry, Andy studied Mathematics at the University of Cambridge.
