The gig economy and technology: pitfalls and opportunities for the insurance industry

Date: Wednesday 13 November 2019

Time: 1.10pm - 1.55pm

Speaker:

Amy Nesbitt, Barrister, Weightmans

In this IIL lecture Amy Nesbitt talked about the importance of a comprehensive understanding of the digital revolution and how the emerging technologies impacted business and professions, as well as the legislative, regulatory, and socio-economic risks and opportunities that they present for the insurance market.

By the end of this lecture, members would have gained an insight into:

- The scale and speed at which four key technologies or working methods are evolving
- Common risks arising from the use of automated products, such as risks arising from margins of error, accuracy of data, etc.
- Opportunities for the insurance industry

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.
