

Continuing Professional Development Certificate

The changing nature of fire losses

Date: Tuesday 19 November 2019

Time: 1.10pm - 1.55pm

Speaker: Deon Webber, MSc, Eng Tech, FIFireE, MIAAI, FFireInv,
Senior Investigator, IFIC Forensics

The importance of effective fire risk management on construction sites cannot be overstated and of particular interest to the insurance industry is the apparently increasing problem of hot work fires.

By the end of this lecture, members would have gained an insight into:

- What constitutes Hot Work.
- The guidance available for those carrying out Hot Work.
- The purpose of a Hot Work Permit.
- How the insurance industry can reduce claims involving Hot Work.

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
