Continuing Professional Development Certificate

Climate changes and natural catastrophes risk

Date: Tuesday 21 January 2020

Time: 1.10pm - 1.55pm

Speaker:

Craig Tillman, President, WeatherPredict Consulting Inc., US

In this IIL Reinsurance Lecture, Craig Tillman spoke on climate change and how it was an important consideration in the management of natural catastrophe risk. In his lecture, Craig surveyed perils that were impacted by climate change, now and in the future, and provided an insight into how this might change risk management approaches.

By the end of this lecture, members would have gained an insight into:

- Global climate change
- Forecast uncertainty
- Regional impacts by peril, now and in the future

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.
