

Continuing Professional Development Certificate

Artificial Intelligence software and Big Data in insurance - do we really need it?

Date: Tuesday 28 January 2020

Time: 1.10pm - 1.55pm

Speakers: Professor Mischa Dohler, Chief Technology Officer, SiriusInsight.AI
Rear Admiral Anthony Rix, Operations Director, SiriusInsight.AI

In this IIL Marine & Energy lecture Professor Mischa Dohler and Rear Admiral Anthony Rix discussed some of the common myths about Artificial intelligence (AI). Mischa and Anthony used as an example three common myths ... AI teaches itself." "AI, Machine Learning and Deep learning are all the same." "I don't need AI."

In their presentation, Mischa and Anthony stressed that with a topic like AI, it was important to understand the truth and to separate it from all of the myths and misconceptions.

By the end of this lecture, members would have gained an insight into:

1. A high-level understanding of some of the myths around AI
2. A high-level understanding of the challenges of applying AI to Big Data
3. An insight into the application of AI within Maritime Risk

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
