

Continuing Professional Development Certificate

Silent cyber cover revisited

Date: Wednesday 12 February 2020

Time: 1.10pm - 1.55pm

Speaker: Ben Edie, Senior Wordings and Technical Counsel, W/R/B Underwriting

In this IIL Accident lecture Ben Edie talked about what silent cyber is and, crucially, the steps that are being taken by regulators (and in particular, Lloyd's) to ensure that the extent of cyber cover is properly understood by policyholders, and that there is sufficient understanding and capture of cyber exposures within the insurance industry.

By the end of this lecture, members would have gained an insight into:

- What silent cyber is
- The regulatory requirements to address the issue of silent (with a Lloyd's focus)
- What insurers need to do
- Other available options – stand-alone cyber coverage

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
