Continuing Professional Development Certificate

Recent trends in ransomware attacks

Date: Thursday 12 March 2020

Time: 1.10pm - 1.55pm

Speaker: Sharif Gardner, Head of Training and Advisory Services, Axis Capital

In this IIL Cyber lecture, Sharif Gardner discussed the evolution of cyber criminality and the rampant rise in ransomware incidents reshaping the corporate risk landscape.

By the end of this lecture, members would have gained an insight into:

- Who is a threat to organisations and why
- What ransomware means to the current risk landscape
- What should boards consider
- How to defend against ransomware attacks
- The role insurance has in helping to deter, detect, delay, respond and recover from ransomware

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.
