

Continuing Professional Development Certificate

Drilling Engineer's reflections on Control of Well claims

Date: Monday 02 November 2020

Time : 1.00pm - 2.00pm

Speakers:

Dr Yuejin Luo, PhD, Senior Engineering Adjuster and Drilling Consultant, Charles Taylor Adjusting
Mike McMahon CEng, Managing Director, Natural Resources, UK and Singapore, Charles Taylor Adjusting

In this IIL marine and energy webinar, Dr Yuejin Luo and Mike McMahon explained how recognised experts utilise their technical skills to manage numerous highly complex control of well claims at Charles Taylor Adjusting, what challenges they face, and the management skills needed to respond to them.

By the end of this webinar members would have gained an insight into:

- Basics of drilling and controlling a hydrocarbon well
- Types of things that can go wrong when drilling a well
- How Policy Holders and Insurers may have very differing views on what may appear to be simple concepts

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
