

# Continuing Professional Development Certificate

## Introduction to Energy from Waste: the new power station

**Date** Monday 23 November 2020

**Time** 1.00pm - 2.00pm

**Speaker** Gillian Sinclair, Head of Development, Energy Division, FCC Environment

In this IIL property webinar, Gillian Sinclair discussed the Energy from Waste (EFW) market and the associated risks in construction and operations.

**By the end of this webinar members would have gained an insight into:**

- Energy from waste plants as power stations
- The difficulties in delivering new plants vs the need for infrastructure
- An understanding of risk reduction through the construction and operational phases

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
