Accelerated learning and memory techniques

Date

Wednesday 31 March 2021

Time

1.00pm - 2.00pm

Speaker

Robert Murray, Partner, Head of Actuarial, BDO LLP

In this IIL revision lecture, Robert Murray outlined with practical examples, a number of different memory techniques to primarily assist students when preparing for exams, but which are also applicable to wider business or personal situations.

By the end of this webinar members would have gained an insight into:

- An introduction to a number of memory principles and accelerated learning techniques
- Practical illustrations of these techniques
- An introduction to effective, yet non-standard, approaches to memory and learning, which can be applied to formal, informal study or wider business, personal situations.

CII CPD event accredited - demonstrates the quality of an event and that it meets CII member CPD scheme requirements.

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
