

MAX PERRIS

Agricultural Consultant
Crawford & Company Loss Adjusters

Max grew up in rural Somerset where he started working on a neighboring dairy farm at age 14. In 2006 Max moved to France where he spent 10 years working on dairy, beef, arable, pig, poultry and tobacco farms. Before moving into adjusting, Max was managing a mixed farming outfit in North Yorkshire including 1,200 acres of arable & grassland and a 350 strong pedigree dairy herd. Max still relief milks twice a month and during peak periods. Max studied in France where he obtained his bachelor's degree as well as degrees in Dairy based agricultural management and in agricultural mechanics. He is fluent in French and speaks conversational Spanish and German. Industry relevant skills and experience are particularly important in this highly specialized area of claims work.
