

Continuing Professional Development Certificate

Complex supply chains

Date: Thursday 9 February 2017

Time: 1.15pm - 2.00pm

Speaker: Liz Oatten, Head of Global Insurance, Shire

In this IIL lecture Liz gave a brief insight into the biotechnology pharma sector through an overview of Shire; and talked about supply chain risk.

Shire plc is a leading global biotechnology company focussed on serving people with rare diseases and other highly specialised conditions. Supply continuity is vital to earning and keeping the trust of patients. How does Shire assess its insurable supply chain risk and does the current insurance market offering align with the risks of today's complex supply chains?

By the end of this lecture members would have gained an insight into:

- the rare disease landscape and some of the challenges currently facing the pharma sector
- Shire's risk financing strategy and its approach to assessing insurable supply chain risk
- What next for supply chain insurance

This lecture or podcast can be included as part of your CPD requirement should you consider it relevant to your professional development needs. It is recommended that you keep any evidence of the CPD activity you have completed and upload copies to the recording tool as the CII may ask to see this if your record is selected for review.
